Supporting local charities

This year, the Best in Business Awards will be raising much needed funds for two very important charities - CQShines Foundation and Fitzroy Community Hospice.

By coming on board as a sponsor, you will be directly benefiting these two local organisations...

CQShines is your dedicated Hospital Foundation for CQ, committed to creating better health outcomes. CQShines Foundation exists to deliver hope through life-changing medical research, and improved care in our public hospitals and services in the community. All donations made to CQShines Foundation contributes towards critical funding for equipment, education, training and research in medical and health science which will advance, support and promote public health for the members of our community.

Fitzroy Community Hospice is a not-for-profit charitable organisation establishing a hospice in Rockhampton to provide much needed palliative care and support services for Central Queenslanders with an incurable illness. Donations will enable the Hospice to establish and operate a professional and sustainable community-based palliative care service that provides the highest standard of comprehensive and holistic end of life care and compassionate support, based on mutual respect, trust and recognition of individual needs.

The Best in Business Awards are an exciting opportunity to highlight the many successful businesses operating across our region.

We look forward to celebrating our local, innovative businesses who continue to thrive, and the people who make our destination unique.

Mary Carroll, CEO, Capricorn Enterprise

Thank you for the opportunity to sponsor and be an entrant.

It was such a great night when it came to recognition, awards and celebrating the successes of many.

The interview process was thorough too and I appreciated the experience.

The team had a great night and were excited to be there! There were even haircuts involved and new suits which is how I know they knew it was a big deal that we were in the running!

Nyree Johnson, Owner, Johnson's 4WD Repair Shop
